A. Highlights of Week

A brief analytical result-based performance report including coordination activities, mobilization of the local actors, progress of the activity, participation and lessons learnt.

During the reporting period the final round table talk show has been developed and broadcasted through local partner radio station. The radio round table talk shows focused on the key role on Influential leaders and citizens in social peace.

Broadcasting Roundtable Talk Show:

During the reporting period, the 3rd Panel Discussion was successfully conducted on 10 July, 2021 based on the WHMO broadcasting schedule. The Third Panel Discussion was aired from 9:00 AM to 10:00 AM on Saturday across the Khost province through partner radio with an aim to create awareness among local audiences about the role of Influential community leaders and citizens in strengthening durable and inclusive peace in the country.

Shams Murad	Afghanistan is a traditional society and in a traditional society community leaders have positive impact and influence to lead the people and invite them for peace and settle social disputes in their community. it is very important to engage community leaders in boosting social peace process. For this purpose, we need to establish a ethnic consensus in order to strengthen peacebuilding and resolve social dispute and pay the ground for sustainable and lasting peace and security.
Speenrawn Noorzi	History shows when our national interest was under threats, our nation has always referred to leaders and influential figures to resolve the dispute and make national decisions for our country. The Afghan government must refer to our community leaders in this critical situation and attract their assistance for strengthen peace and security, we believe that these leaders can play a pivotal role in national process.

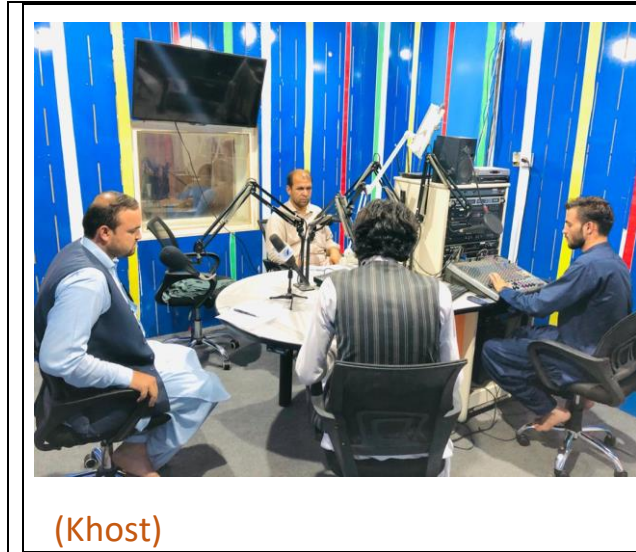

Future Plan

- Coordinating and organization peace journalism training workshop

Monitoring of program through WHMO Phone system: The programs are regularly heard with a keen interest in the target province which can be determined through the feedbacks received from audience, both positive & negative. The programs are being broadcasted as per agreed schedule and weekly plan. The first and second radio round table was broadcasted at 9:00 PM on Saturday based on the broadcasting schedule.
